Webinar
On
"Medical Physics and Career Opportunities"
Session 2021-2022

“Gaining knowledge is the first step to wisdom. Sharing it is the first step to humanity.”

– Margaret Fuller

Being acknowledged with the beautiful words quoted by Margaret Fuller, Physics Society, Shri Shivaji Education Society Amravati's Science college Congress Nagar, Nagpur organized a webinar on the topic **“Medical Physics and Career Opportunities”** for UG & PG students of Physics department on 12th April 2022 at 12:00 noon. The Guest Speaker for the session was alumni of the our college **Mr. Anurag Kulkulewar** who is currently pursuing his master's in Medical Physics at D. Y. Patil Medical College, Kolhapur. He is currently engaged in a project involving the detection of malignant breast and prostate cancer. He always occupied himself with various only crash courses to expand his knowledge. Some of his online courses include a crash course on particle accelerators from Lund University, artificial intelligence, and machine learning from Stanford University, and Fundamental neuroscience for neuroimaging from Johns Hopkins University.

This webinar aimed to introduce students to this new field of physics and Mr. Anurag Kulkulewar undoubtedly presented a complete power-packed lecture to guide and acknowledge students to pursue their careers in this evolving field. He began by sharing his knowledge.

Dr S W Anwane, Professor and Head of Department of Physics introduced the purpose of this activity. The Programme was conducted by Omeshwar Verma (M Sc First year) while the guest speaker was introduced by Ms Niharika Saxena (B Sc Final Year) and Ms Samikska Dangore (M Sc Final Year) proposed Vote of Thanks. Dr Mrs R J Dhokne, Coordinator Physics Society and all faculty members worked hard for the success of the programme.
