

## Report On

### Vidharbha level Eco-friendly Holi Colour making workshop

To commemorate the arrival of spring, people celebrate the cheerful holiday of Holi. The hues of the spring season are reflected in the colours used for the Holi festival. The celebration of Holi has grown increasingly commercialized in modern times, which contributes to environmental deterioration. Numerous social organizations have been supporting the natural methods of celebrating Holi in order to preserve its holiness. The festival celebrations had not taken on such a commercialized form in the past, and the vivid red blooms of the natural sources like spinach, Butea monosperma (Padas), flowers, lemon, turmeric which both bloom in the spring, were used to make the holi colours. These natural sources served as the foundation for the creation of vibrant holi colour combinations.

On the occasion of Holi, Department of Chemistry, SSES Amt's Science College Nagpur organized one day workshop on herbal Holi color making workshop. 94 Students from different colleges attended this useful work and helped in spreading the message not to use harmful chemical colors which are readily available in market. Dr.R.U.Khope, Head Department of Chemistry addressed students about the chemicals used in the holi colors and their adverse effect on skin and eye. Hon'ble Dr.M.P.Dhore, Principal, SSES Amt's Science College Nagpur in his presidential address motivated students to make this eco-friendly holi colors and help in making mother earth free from chemicals, he also suggested not to waste water and chemical colors for holi festival.

Dr.V.R.Kinhikar, (Convener) and Dr.S.S.Dhote, (Co-convener) of presenting the live demonstration to the students on how to make eco-friendly colors by using different flowers and vegetables. All teaching staff was present actively throughout the event. Ms. Sampada Bunde student of B.Sc. nicely carry-forward the programme along with vote of thanks. Herbal holi colours were distributed at NMC School, Dattatray Nagar and Deaf and Dumb school, Shankar nagar, Nagpur respectively as a part of extension and outreach activity.

unintentionally harm our environment and natural resources. Waste of water, skin-damaging chemical colours, balloon hurling, and polythene bags containing water have all grown in common places. In addition to having an adverse effect on human health, the use of chemical colours damages the local biodiversity since they contaminate the soil.

On March 1, 2023, the Department of Chemistry at Shri Shivaji Education Society Amravati's Science College Nagpur will be conducting an Eco-Friendly Holi Colour Making Workshop to raise awareness of these problems and their effects as well as to promote Eco-Friendly Holi. Through this workshop, college students will be aware of how to celebrate Holi in a Safe, Eco-Friendly, and Sustainable way.

These eco-friendly colours will be supplied to various NMC schools, old age homes, and the general people in slum areas as a plan for the workshop.

# SCIENCE COLLEGE

## Congress Nagar, Nagpur

Accredited with CGPA of 3.51 at 'A+' Grade by NAAC

Bangalore

A college with Potential for Excellence

An Institutional Member of APQN

Recognized Centre for Higher Learning & Research

A Mentor College under "Paramarsh Scheme" of UGC, New Delhi

A Mentor College under Paris Sparsh Scheme of Maharashtra State

### Feedback Analysis

#### Session 2022-23

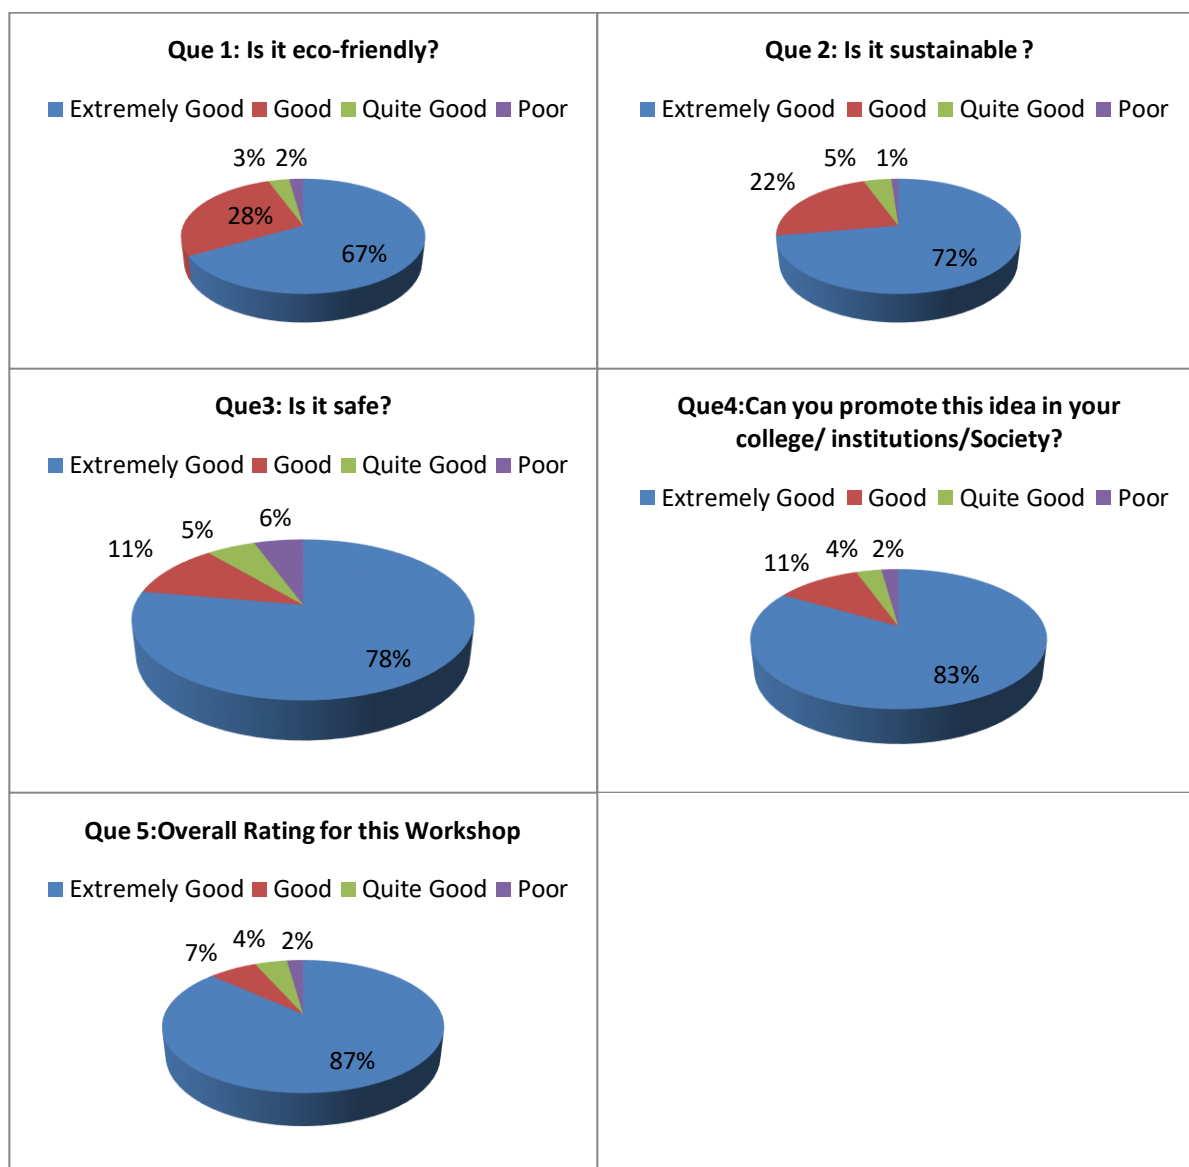

Name of Event: **Vidharbha level Eco-friendly Holi Color making workshop**

- 1) No. of students participated :93
- 2) No. of students submitted the feedback : 90
- 3) Question wise Analysis of the Feedback:

**Date: 01/03 /2023**

Sr.No.	Particular	Extremely Good	Good	Quite Good	Poor
1	Is it eco-friendly?	67%	28%	3%	2%
2	Is it sustainable ?	72%	22%	5%	1%
3	Is it safe ?	78%	11%	5%	6%
4	Can you promote this idea in your college/ institutions/Society?	83%	11%	4%	2%
5	Overall Rating for this Workshop	87%	7%	4%	2%

### Action Taken Report

On the occasion of Holi, Department of Chemistry, SSES Amt's Science College Nagpur organized one day workshop on herbal Holi color making workshop. 94 Students from different colleges attended this useful work and helped in spreading the message not to use harmful chemical colors which are readily available in market. Dr.V.R.Kinhikar, (Convener) and Dr.S.S.Dhote ,(Co-convener) of presenting the live demonstration to the students on how to make eco-friendly colors by using different flowers and vegetables.All teaching staff was present actively throughout the event. Ms. SampadaBunde student of B.Sc. nicely carry-forward the programme along with vote of thanks. Herbal holicolours were distributed at NMC School, Dattatray Nagar and Deaf and Dumb school ,Shankar nagar,Nagpur respectively as a part of extension and outreach activity. Total 93 students participated enthusiastically in this workshop.
