AGRICULTURAL MICROBIOLOGY AND BIOTECHNOLOGY

Date: 29-07-2025 to 14-08-2025

The Department of Microbiology, S.S.E.S.A's Science College, Nagpur, organized a Calendar-Making Competition on the theme "Agricultural Microbiology and Biotechnology" during the period 29th July to 14th August 2025. The competition was conducted under the chairmanship of Hon'ble Principal Dr. Omraj Deshmukh and coordinated jointly by Prof. Atul Bobdey and Convener Dr. Pranita Gulhane.

A total of 13 groups comprising 49 students from UG Microbiology, UG Biotechnology, and PG Microbiology actively participated in the event. The calendars prepared by the students reflected creativity, scientific knowledge, and innovative ideas on the applications of microbiology and biotechnology in agriculture.

The evaluation was carried out by eminent judges, Dr. Pushpa Zamarkar and Dr. Priyadarshini Deshmukh, who finalized the winners. The winning groups were:

- First Prize – B.Sc. Microbiology (3rd Year): Vinay Budhe, Saurabh Kamane, Netra Raut, and Darshika Nipane
- Second Prize – CMBT (3rd Year): Vaidehi Telang and Leena Gholve
- Third Prize – B.Sc. Biotechnology (2nd Year): Prachi Raut, Pooja Fulzele, and Medha Palliwar

Prizes, including cash prize, trophies, and certificates, were distributed to the winners by Hon'ble Principal Dr. Omraj Deshmukh on 13th August 2025. Additionally, the winner students will create a calendar for the year 2026, featuring the biography of the founder president, Dr. Panjabrao alias Bhausaheb Deshmukh, as a tribute to his vision and legacy.

Action taken: A total of 49 participants enthusiastically engaged in the calendar-making competition, which provided a dynamic platform for collaboration, creativity, and knowledge exchange. The event enabled students to explore the intersection of science and design while managing time and tasks within deadlines. It also encouraged teamwork, peer learning, and innovative thinking as participants translated agricultural microbiology and biotechnology concepts into visually impactful formats. The process enhanced subject understanding, problem-solving, and communication skills, while fostering confidence, originality, and portfolio development—valuable for future academic and professional pursuits. Overall, the competition successfully combined scientific learning with creative expression, making it a memorable academic activity.
