Student interaction with Educationalist Aniruddha Kalbande

Guest Speaker Aniruddha Kalbande

Principal O.S. Deshmukh giving the opening remarks for the seminar

Brainstorming Session after the opening remark

SSESA 's Science College Congress Nagar, Nagpur
Department of Computer Science
Seminar on Data Science, Analytics and AI
Session 2024-25

Department of Computer Science, Shivaji Science College Nagpur Organized a Seminar on Data Science, Analytics and AI for M.sc, MCA, B.Sc. and BCA Students on 29/08/2024. Total **300** Students along with Faculty members attended the seminar. The Guest Speaker Educationalist Aniruddha Kalbande from Fireblaze, AI school, addressed the students about career opportunities in data science, analytics and AI. He explained facts about data after that core subjects necessary to become expert in AI. He also explained layers of AI and how to make use of AI in day to day life. The event was conducted by Dr. Puja Dadhe. The entire program was coordinated with the support of the Principal, Faculties and Technical support team.

Proceedings of the Seminar on Data Science, Analytics and AI

The seminar commenced with a welcome address and introduction of the resource person. Mr. Aniruddha Kalbande provided valuable insights into the concepts, applications, and career opportunities in Data Science, Analytics, and AI. He explained the importance of data-driven decision-making and highlighted how emerging technologies are transforming various industries and professional fields.

The resource person discussed the fundamentals of Data Science, the role of Data Analytics in extracting meaningful insights from data, and the growing applications of Artificial Intelligence in real-world scenarios. He also emphasized the importance of developing technical skills, analytical thinking, problem-solving abilities, and continuous learning to build a successful career in these emerging domains.

Students actively participated in the seminar and interacted with the resource person through questions and discussions. The session provided students with valuable knowledge about current industry trends, required skills, career pathways, and future opportunities in Data Science, Analytics, and AI.

Outcomes of Seminar on Data Science, Analytics and AI

The major outcomes of the seminar were:

1. Students gained a basic understanding of **Data Science, Data Analytics, and Artificial Intelligence** and their real-world applications.
2. Students became aware of the **latest trends and developments** in the fields of AI, analytics, and data-driven technologies.

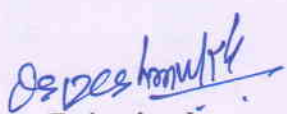

3. The seminar helped students understand the **career opportunities and future scope** in Data Science, Analytics, and AI.
4. Students learned about the importance of developing **technical, analytical, problem-solving, and critical-thinking skills**.
5. Students were motivated to explore **industry-relevant tools, technologies, and professional certifications**.
6. The session encouraged students to pursue **continuous learning and skill development** to meet changing industry requirements.
7. Students gained awareness of how AI and data analytics are being used for **decision-making and innovation** across different sectors.
8. The interactive session provided students with an opportunity to **clarify their doubts and seek guidance** regarding careers and further learning in these emerging fields.

Action taken report of Seminar on Data Science, Analytics and AI

Students were encouraged to explore various learning resources, online courses, certifications, and skill-development programs related to Data Science, Data Analytics, and Artificial Intelligence. They were advised to strengthen their technical, analytical, programming, and problem-solving skills in accordance with current industry requirements.

Students were also motivated to participate in workshops, hands-on training programs, projects, internships, and other practical learning activities to gain industry-relevant experience. The guidance provided during the seminar was shared with interested students, and they were encouraged to pursue further learning and career opportunities in emerging technology domains.

The queries and doubts raised by students during the session were addressed by the resource person. Students were encouraged to make use of the knowledge gained from the seminar for their academic projects, skill development, and future career planning.
